RELEASE

The governing bodies of curling do not require curlers to wear any safety related equipment while curling. Although it is not required, we do recommend that parents or guardians consider having their children wear CSA approved protective helmets while participating in these curling leagues or instructional based technical training sessions. Safety is a prime concern for all of our instructors.

In consideration of being allowed to participate in the activities of the Camrose Academy of Curling Instructional Based Youth Curling Programs, I hereby agree to save harmless and indemnify the Camrose Academy of Curling Society (hereafter referred to as “the Academy”), the Directors, Instructors, Volunteers and employees of the Academy, from and against all claims, actions, causes of action, costs, expenses and demands howsoever caused, notwithstanding that the same may have been construed to or occasioned by the negligence of the Academy, which I now have or at any time may have in respect of debt, injury, loss or damage to my person or property arising out of or in connection with my taking part in the Academy’s Instructional Based Youth Curling Programs and related activities.
